CHAPTER 2

VARIOUS VARIETIES OF LEADERSHIP

Different types of leadership designs exist in work environments. Blessings and drawbacks exist at intervals every leadership vogue. The culture and goals of an organisation confirm that leadership vogue fits the firm best. Some corporations provide many leadership designs at intervals the organisation, dependent upon the mandatory tasks to finish and division desires.

LAISSEZ-FAIRE

An individualistic leader lacks direct direction of workers and fails to supply regular feedback to those beneath his direction. extremely knowledgeable about and trained workers requiring very little direction represent the individualistic leadership vogue. However, not all workers possess those

characteristics. This leadership vogue hinders the assembly of workers needing direction. The individualistic vogue produces no leadership or direction efforts from managers, which may cause poor production, lack of management and increasing prices.

AUTOCRATIC

The autocratic leadership vogue permits managers to create selections alone while not the input of others, managers possess total authority and impose their will on workers. nobody challenges the choices of autocratic leaders. Countries like Cuba and DPRK operate beneath the autocratic leadership vogue. This leadership vogue edges workers. UN agency need shut direction. inventive workers UN agency thrive in cluster functions hate this leadership vogue.

PARTICIPATIVE

Often referred to as the democratic leadership vogue, participative leadership values the input of team members and peers, however the responsibilities of constructing the ultimate call rests with the participative leader. Participative leadership boosts workers morale as a result of workers create contribution to the decision-making method. It causes them to feel as if their opinions matter. once an organization has to create changes at intervals the organisation, the

participative leadership vogue helps workers settle for changes simply as a result of they play a task within the method. This vogue meets challenges once corporations got to create a call in a very short amount.

TRANSACTIONAL

Managers victimization the transactional leadership vogue receive sure tasks to perform and supply rewards or punishments to team members supported performance results. Managers and team members set preset goals along, and workers conform to follow the direction and leadership of the manager to accomplish those goals. The managers possesses power to review results and train or correct workers once team members fail to satisfy goals. workers receive rewards, like bonuses, once they accomplish goals.

TRANSFORMATIONAL

The transformational leadership vogue depends on high levels of communication from management to satisfy goals. Leaders inspire workers and enhances productivity and potency through communication and high visibility. This variety of leadership needs the involvement of management to satisfy goals. Leaders target the large image at intervals AN organisation and delegate smaller tasks to the team to accomplish goals.
